# École Doncaster Elementary School Parent Advisory Council

Dear Doncaster Families,

May 7, 2019

The intermediate playground structures are aging and in need of replacement. Our PAC has been allocating money annually towards this project over the past five years. We have accumulated \$45,000 to fund the playground, demonstrating the commitment and hard work of Doncaster students and families.

Below is a picture of the desired new playground. The cost of the playground plus installation is \$60,000 therefore **we need to raise \$15,000 to make this happen!**

We are seeking business and corporate donations first to hopefully decrease the need for families and children to have to fundraise. **If you or someone you know has a business please let us know and we can provide you (or them directly) with a letter outlining the fundraising goals, tax incentives and recognition opportunities.**

We need to act quickly as we want to secure enough funds to purchase the playground before the end of this school year to ensure that it is installed within the following school year (2019-2020).

Thank You On behalf of the École Doncaster Elementary School Parent Advisory Council Playground Fundraising Committee
