

# Inclusion

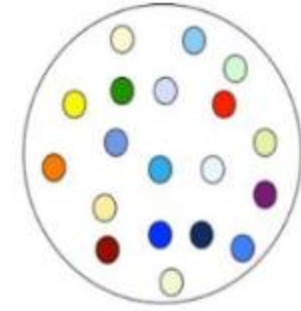

Supporting all learners

# Inclusion Is...

Seeing diversity as a strength

Great teaching and learning

Empowering everyone to support all students

One *Learning* Community

# Inclusion Isn't ...

... a prescribed model (one way to do it)

... deficit-based

... all day in a classroom

... easy!

*Adapted from: Carol Ann Tomlinson*

**Differentiation**  
is meeting the  
needs of all  
students based on  
five essential  
elements.

**Learning  
Environment**

- An environment that encourages and supports learning
- Nurtures a growing sense of community and belonging
- Mutual respect for all, by all

**Curriculum**

- A curriculum that supports understanding
- Engaging all students
- Designed to be authentic and relevant to each learner

**Instruction**

- Instruction that responds to student variance
- Offering choice
- Flexible Grouping

**Assessment**

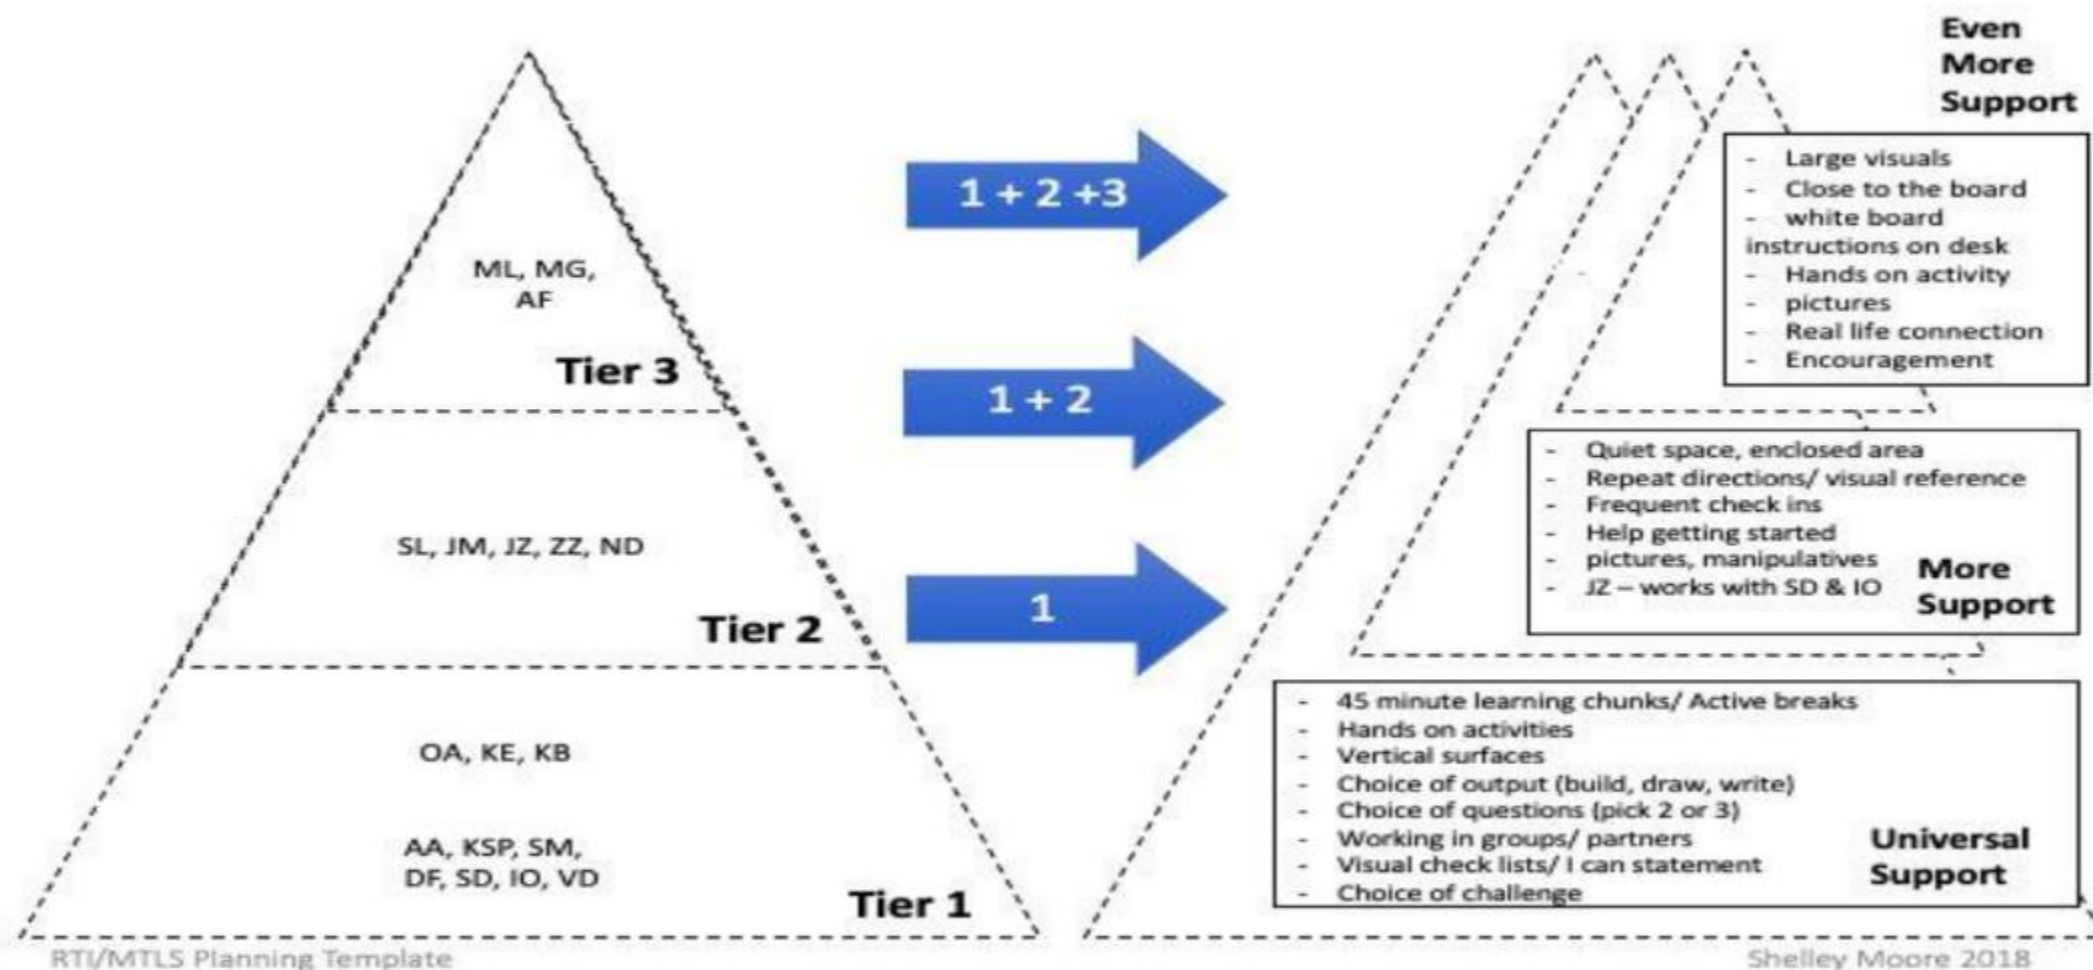

- Assessment that informs teaching and learning
- Driving instruction
- Clarifying misconceptions

**Leadership  
&  
Management**

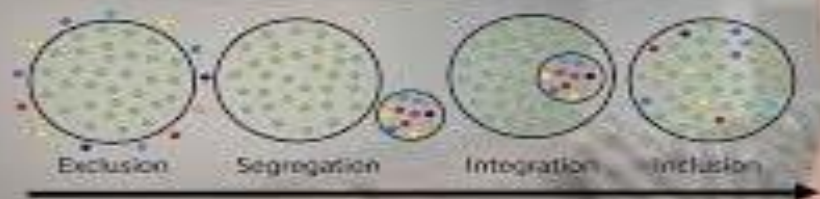

- Leading students and managing flexible routines
- Elicit student input on learning and routines
- The foundation of a classroom that supports student thinking
