## Playground Update

Thank you to everyone who took the time to vote for your favourite colour for the new primary playground! The voting process was very exciting and a close race that saw 367 votes for "Forest" and 330 votes for "Rainbow". The playground elements are identical, but this was a very fun way to involve the students and families in the school. Plans for the intermediate playground are still in the works.

**Fundraising is key to replacing our deteriorating wooden playgrounds.** Later this month, every student will bring home a Scratch Book for our large fundraising campaign.

This program will take place over a two-week period and has the potential to raise a large amount of money for our playground funds. Students and families will have the chance to win prizes through draws, top fundraiser rewards, and a class pizza party! The scratch and reveal element of the scratch book makes it fun for people to participate, and we are able to say thank you to all of the donors with a coupon flyer for local attractions and Romeo's pizza!
